Band Specific License Key - Terms and Conditions

YOU MAY NOT ACCESS OR OTHERWISE USE THIS SERVICE AND YOU MAY NOT DOWNLOAD OR OTHERWISE OPERATE THE BAND SPECIFIC LICENSE KEY IF, AT ANY TIME, YOU DO NOT AGREE TO THESE TERMS AND CONDITIONS.

BY ACCESSING OR USING THIS SERVICE, AND BY DOWNLOADING OR OPERATING THE BAND-SPECIFIC LICENSE KEY, YOU MAKE THE FOLLOWING REPRESENTATIONS AND AGREE TO THE FOLLOWING TERMS AND CONDITIONS.

1. You (referred herein as "Integrator") are authorized to represent an operator (referred herein as "Operator") who has purchased RAD radio equipment and requires a band specific license key.
2. Operator is qualified to undertake this request for a band specific license key and resulting certification.
3. Integrator and Operator take full and complete responsibility for the operation, maintenance, and continued compliance of all RAD radio equipment to be operated under the approved band specific license key.
4. This request for a band specific license key has been made with the full understanding of all local and national regulatory requirements relevant to the location for which the equipment shall be installed and operated, and Integrator and Operator undertake to comply with all relevant applicable laws and regulations.

These terms and conditions are provided to ensure that Integrator and Operator are clear in their responsibility for all products they install and operate using the provided license keys.

India – Additional conditions

The WPC regulations for India require that the Integrator and the Operator understand all WPC laws and regulations applicable to radio equipment ([Indian Department of Telecommunications](#)).

In operating RAD Radio equipment using the approved band specific license key the Operator guarantees continued compliance with applicable WPC laws and regulations.

Israel – Additional conditions

In operating RAD Radio equipment using the approved band specific license key the Operator guarantees he has a written approval of the Israel's National Frequencies Committee.

THE RESPONSIBILITY FOR THE INSTALLATION OF THE PRODUCT RESTS WITH THE INTEGRATOR ENGAGED BY THE OPERATOR. CONSEQUENTLY, IT IS INCUMBENT UPON THE OPERATOR TO ENSURE THAT ALL RADIO EQUIPMENT IS INSTALLED IN COMPLIANCE WITH THE PERTINENT LOCAL AND NATIONAL RULES AND REGULATIONS.
